

Hello everyone,

Today I will show you how to create your first business email account. it's so **simple**.

! A common issue for most new users is setting the 'sending rate limit' in the email account. Please note that you can't set an 'unlimited send limit'. You can configure it to send up to 7200 per day, which is 300 per hour.

1. First log into [MailWish Dashboard](#).
2. Visit '**My Email Hosting**':

Please check your email and follow the link to verify your email address.

4. After adding your domain, navigate to **'Email Accounts'**, here you can create *Unlimited Email accounts*

The screenshot displays the Mailwish dashboard interface. On the left is a sidebar with navigation links: Dashboard, Email Manage, Domains, Billing, Support, Affiliates, Login to Email (highlighted with a 'MAILBOX' tag), and Back Home. At the bottom of the sidebar is a 'Create Order' button. The main content area is titled 'Product Details' and includes a breadcrumb trail: Portal Home / Client Area / My Products & Services / Product Details. Below this, there's an 'Overview' section with an 'Information' icon. To the right, the 'Email Accounts' section is active, showing a message: 'Manage email accounts associated with your domains. Create new email accounts and handle the existing ones.' Below this message is a search bar and a '+ Create Account' button. A table with columns 'Email', 'Usage (MB)', and 'Sent' is shown, but it contains no data, displaying 'No data available'. At the bottom of the table, there are pagination controls showing '1' of 10 items, with options for 25 and infinity.

5. Done! Click **'Create Account'** and choose your business email domain! **Please note you can't set an Unlimited Send Limit, you can set it up to '7200' which is 300/day!**

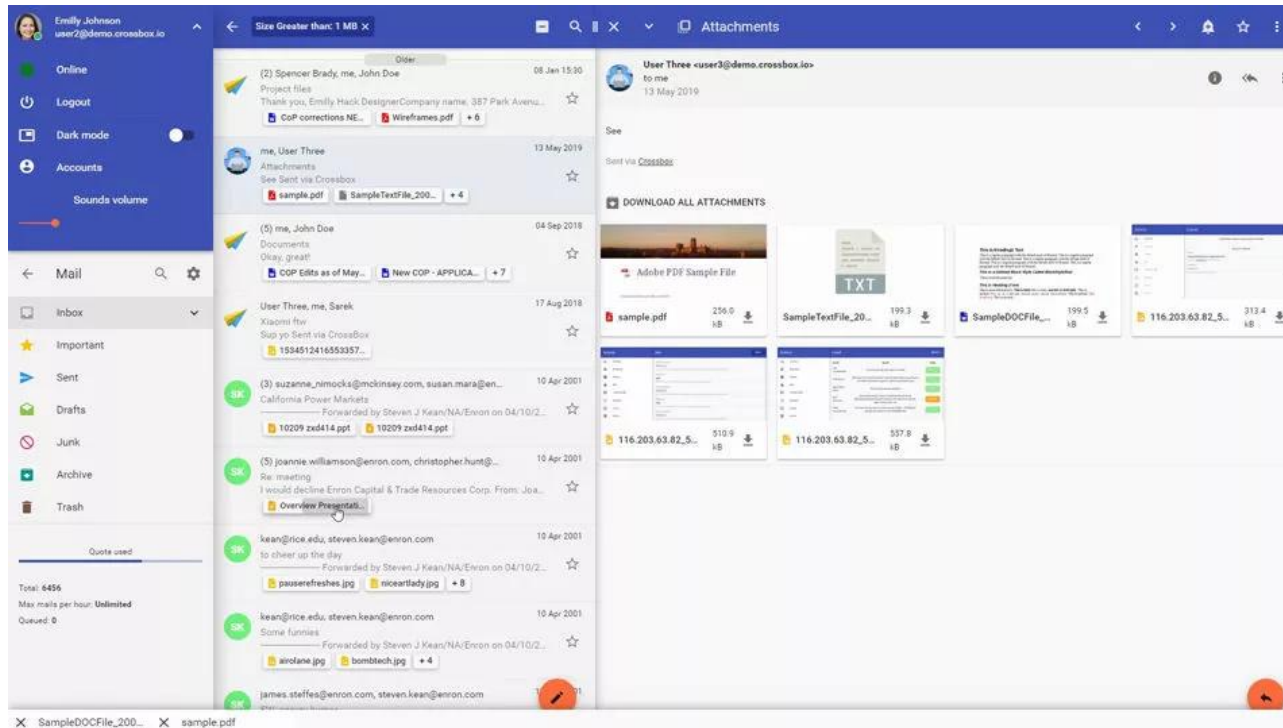

The image shows a 'Create Account' modal window. It has a title bar with a close button (X). The form contains the following fields and controls:

- Account:** A text input field followed by an '@' symbol and a dropdown menu showing 'frontflare.com'.
- Password:** A text input field followed by a 'Generate' button.
- Unlimited Quota:** A toggle switch that is currently turned on (red).
- Unlimited Send Limit:** A toggle switch that is currently turned on (red).
- Buttons:** At the bottom, there are two buttons: a green 'Create' button and a red 'Cancel' button.
