Here are the simple steps(10 seconds setup):

1. Login to your account and navigate to the **Rebrand** section (You can enable the add-on after purchasing an email plan.)
2. Click create brand and follow instructions.
3. Done!

How to re-brand the mail manager & the email client (50-seconds)

The screenshot displays the Mailwish email client interface. On the left, there is a sidebar with navigation options: 'Compose', 'Inbox', 'Starred', 'Sent', 'Draft', 'Trash', 'Spam', 'Archive', and a 'FOLDERS' section containing 'Outbox' and 'Templates'. The main area shows an email inbox with various messages from different senders like Raviv, Stripe, Apple, and others. A search bar at the top left of the inbox area contains the text 'Search mail'. On the right side, a re-branding overlay is visible, featuring a circular profile picture placeholder with the letter 'R', the name 'You', and the email address 'raviv@mailbox.com'. Below this, there is a 'Storage' section showing '0.1 GB of 1 GB used'. Further down, there are links for 'Add another account', 'Settings', 'Sign out', and 'Sign out all accounts'.
